

Amendments to the Specification:

Please add paragraph on page 7 starting at line 28.

Fig. 36 is a frequency response diagram of a filter having a dielectric resonator with the physical parameters of $D=3\text{Cm}$ and $L=1.17\text{Cm}$ and a loaded metal cavity with the physical parameters of $2R=8.0\text{Cm}$ and $S=4.0\text{Cm}$.
